Sector 34-A,

Respected Sir,

I am glad to be a part of AK Vidyamandir. AK Vidyamandir is more than just a coaching institute. The teachers, being an integral part of this grand institute, not only teach but successfully inculcate interest & love for the subject. They guide and motivate to reach one's potential. It is an honour to be taught by them.

I was a student of dropper batch (1-year programme) and I am thankful to AKV staff to help me achieve my goal.

Thanking You!

I feel highly privileged to be a student of AKV institute. I would like to express my heartiest gratitude to Kailash sir and my highly efficient faculty of AKV. Two years ago becoming doctor was merely a dream for me. But this dream now has come true because of right guidance given by my mentors. Due to short batches more individual attention is given to students. The regular tests & doubt clearing sessions and in the end super-10 batch has helped me a lot to boost my confidence & preparations for PMT's.

I'm highly thankful to Kailash sir, my teachers and each & every staff in AKV.

I am highly obliged to be a part of this institute. So, I on behalf of myself and my family want to thank whole of AK Vidyamandir's faculty. LETTER OF THANKS - MEDICAL

To
Director

AK Vidyanandir

Respected Teachers,

I want to thank A.K. Vidyanandir for guiding me through the hard ways to excel in the medical competitive exams. When I joined the institute last year, I was morally down because of my worst performance last year. But the teachers here and the competitive environment here boost up my morale. They gave me new confidence that I can do well this time. They made me to change my study style and devote maximum time to studies. All teachers of PCB helped ^{me} ~~my~~ in learning the topic easily and thoroughly. They were always ready to solve the doubts and tackle it in easiest way so that we can understand them well. They taught us how to manage time between self studies and the studies in the classes. And the test here in institute were excellent to give me confidence that I can score well in the exams. Now I am glad to be selected in AFMC & getting 30th Rank in Chandigarh CET. All this happened because I joined this institute. So I, suggest my each and every junior to join A.K. Vidyanandir to achieve their goals and fulfill their dream of being a doctor.

I have taken coaching in AKV for two years during the session 2010-2012. They provide very good study material and exposure for PMT tests. The teaching faculty is very experienced and co-operative. They conduct regular tests to evaluate the students. They also arrange regular doubt sessions to clear the queries of students. I suggest that students preparing for Medical Entrance should opt AKV.

Respected Sir,

I express my heart felt thanks to A.K. Vidhyamandir which has played a pivotal role in making a dream come true for me and my family. With this most significant achievement, I am quite sure that I shall be able to serve the cause of ailing humanity and fulfill my aspiration. The reputed teachers and sufficient study material helped me a lot. The entire syllabus was covered systematically and each topic was dealt deeply. I could find answers for all my doubts during my two-year course in A.K. Vidhyamandir which really helped me to crack medical entrance exams with confidence. Last but not the least the teachers paid individual attention not only academically but emotionally too. The staff was also very caring and I would thank the non-teaching staff too for my success. I strongly recommend all my juniors to join A.K. Vidhyamandir for ensuring their success in the competitive examinations.
